

2018 GENEALOGY LOCK-IN

Friday, October 19, 2018

10 am – 5 pm

MCMLS Genealogy will be participating in the 2018 Genealogy lock-in.

WHAT IS THE GENEALOGY LOCK-IN?

It is a day of genealogy programs that is put on by the Genealogy Network of Texas. Individuals in dozens of libraries across the state will all tune into a series of programs broadcasted over the Internet by experts in the genealogy field. The MCMLS Genealogy department will be providing live-streaming of several programs, with the Genealogy Basics class being taught live for our patrons by Genealogy librarian Carl Smith, while also being live streamed out to other participating libraries.

Please contact the Genealogy department to register your spot of one or all of the lock in programs by calling us at 936-788-8363 x6249 or stopping by in person.

2018 GENEALOGY LOCK-IN PROGRAM OF EVENTS

OCTOBER 19, 2018

10:00 - 10:50 am – Don't Forget the Ladies: A Genealogist's Guide to Women and the Law

Judy G. Russell, JD, CG, CGL, The Legal Genealogist

In early America, women were all too often the people who just weren't there: not in the records, not in the censuses, not on juries, not in the voting booth. The common law relegated women to "protected" – second-class – status and understanding how they were treated under the law provides clues to finding their identities today.

11:00 - 11:50 am – Discovering Your Ancestors Land Holdings in the Texas GLO.

Kevin Klaus, Information Specialist Texas General Land Office (GLO) Archives and Records Learn how maps can be used in genealogical research. This will be an overview of how to use the archival maps, the GIS mapping system, and the original land grant records to find your ancestors. Learn how to use the Land Grant Database and search strategies to locate the survey in a particular county. Lecture will include a case study using the original GLO maps, GIS mapping system, and county records in determining the location of the heinous 1872 murder of Benjamin McKeever in Burnet County Texas.

Noon - 1:30 pm – Genealogy Basics: Getting Started on Your Family Tree

Carl Smith, Genealogy Librarian – Montgomery County Memorial Library System

Budding researchers will learn the basics they need to get started researching their family tree. We'll cover the first steps to take to begin your research, starting with home sources. We'll also cover the types of records that are useful for genealogical research and where they can be found. We'll also cover ways to stay organized by utilizing paper charts and forms or computer software.

1:40 - 2:40 pm – Organizing and Preserving Photograph Collections

Ari Wilkins, Library Associate at Dallas Public Library

We all have mounds of old unidentified family photos sitting in boxes. This lecture will offer step-by-step direction in organizing, preserving and cataloging these precious collections for future generations. Learn how to identify, digitize and share collections using family trees and social media.

2:50 - 3:50 pm – Locating Ancestors on the Dawes Roll

Kathy Huber, Manager, Genealogy Center, Tulsa City County Library, The Dawes Roll, created between 1898-1906 enrolled members of the Five Civilized Tribes living in Indian Territory. Learn why the roll was taken, how the process worked, and the steps to locating an ancestor who enrolled.

4:00 - 5:15 pm – Using Autosomal DNA Testing to Solve Genealogy Brick Walls

Drew Smith, Assistant Librarian, Academic Services, USF Tampa Library, co-host Genealogy Guys Podcast

Examine several case studies that will demonstrate how autosomal DNA testing can be used to solve genealogy brick walls. Examples will focus on AncestryDNA, but may also include other testing companies and services.
