

**UNMARKED GRAVES**  
**CONROE MEMORIAL PARK AKA CONROE MEMORIAL CEMETERY**  
PLEASE NOTE: THIS IS NOT THE TOTAL TRANSCRIPTION OF THE CEMETERY

This cemetery has not been transcribed since 1981. Below is a list of unmarked graves transcribed from "*Unmarked Graves of Montgomery County Texas*". This compilation of records was ascertained by comparing the six volumes of Montgomery County Cemeteries (published by the Montgomery County Genealogical & Historical Society Inc. surveyed by Oveta & Horace Wright in 1978) and all extant Montgomery county Texas Funeral Homes records.

Funeral Home records consulted and published by the MCG&HS are referred to in these records are referred to as:

W=Wahrenberger Funeral Home  
C=Cockerham Branch Marland Funeral Home  
F=Forest Hill's Funeral Home  
M=Metcalf Funeral Home

The number following the letter gives the volume number and the number following: \_ is the page number.

These are unmarked graves as of 1978. These graves could have been overlooked by the cemetery surveyors or the grave markers may have been broken or unreadable. It is also possible that recorders misread the marker.

There are many early unmarked graves in Montgomery County, Texas. Private cemeteries have been lost forever. The only available information as to where a person was buried is the funeral home records and it is not altogether impossible that errors occurred in recording the information in the funeral home records. All the above funeral homes are out of business except Metcalf and all of their records were lost in the fire in 1998.

If a researcher is aware of an unmarked grave please send the information to the [Jane Keppler](#) and/or [Jean Smoorenburg](#).

Click for a [lookup](#) in cemeteries, funeral home, or other books published by MCG&HS.

If you would like your name added as a contact on any of the people that is listed in any cemetery please [Jane Keppler](#) and/or [Jean Smoorenburg](#) and we will add this information. This would be a great way to find someone else that may be researching the ancestor you are researching.
